My deepest sympathy to the family of a brother firefighter. I did not work with Mr. Bannister, he was before my years here at Kennedy. But it is my Honor to be able to provide a very Honorable service for his many years as a professional firefighter. Without ANY of these brother firefighters who have fought and struggled throughout the many years at Kennedy Space Center, to give us firefighters today what we have....I wouldn't have a job. Rest in peace brother...you will be missed dearly.

Dear family, I know what a terrible time you are going through right now. As hard as it is to let them go, I know they were both tired. I try to think of the funny stories that Dad has told about "Biggun" and all the rest and I have to smile. I heard Mr. Bannister tell several stories of his own over the years. That is how I choose to remember these great men. Our hero's, our protectors, our brave firemen, who have gone on to a better place. They will be deeply and greatly missed. To the entire family, there are no words to express how truly sorry I am for your loss. Heaven has a special angel to watch over you all! Love, Michelle
