Please accept my deepest sympathies for your loss. There is a void that cannot be replaced. Our loved ones have a permanent impact on our lives and they should never leave us. Their influence is invaluable all throughout our life, so they should be with us forever. The God of all comfort wanted mankind to live forever and never experience suffering, pain and death. He sent his Son to earth to erase everything that plagues mankind, particularly death. God's Kingdom headed by Christ will establish a Paradise earth and bring our precious loved ones back again so we can enjoy living with them happy and healthy and sharing all our experiences with them, never to loss them again.

I remember being at a nitro drag race with Gary and my dad around Cross City. They had a lot of fun that night and were laughing and watching the cars bouncing around and jumping. It was one of the funnest nights of my life and I am glad my cousin was there to help make it happen. Miss you Gary. I will pray that there are dirt bikes in Heaven. Maybe you and Dad will hang out. Love you cousin. Wish to hell I could have said that sooner. sorry had to do this twice. Marked it private by accident.
