Biography

This is indeed a sad time for all of us. Our family suffers a great loss as we say good bye to a husband, a father, a son, a grandson, a brother, an uncle and a great friend to many people.

Billy meant something to each and every one of us, whether it be today or twenty years ago. He was such a character! Although he did a lot of joking around, he did have a serious side. After getting his culinary arts degree, it was hard to get him out of the kitchen. He loved his family, especially his six year old son, Brandon. Every time he spoke about him, his entire face just lit up. As a friend, he was very loyal and kind. It is no surprise to see all of the thoughtful words that you have left for him on Face Book. Billy could be very immature at times but that's just because he was still a child inside a young man's body. He lived life to its fullest and made every day count.

Let's just be thankful for all the special moments that my brother has left us. And with that, I hope that my brother will continue to live on within our hearts and minds.

I have so many fond memories of Billy. We were quite close in high school, always hanging out with the rest of the "Racing" team. Riding around in the little White Car with Pink and Blue Stripes, usually with 8 or so people in that little car. I will see you again my friend.

Man my heart is broken. There's not enough space here to write all what's on my mind and in my heart. We made some of the fondest memories of my life together, shared unique life experiences together, helped eachother through the good and the bad. You were the first person I met when I moved to Orlando and my best friend ever since. I can't say enough good things about you my friend, and my life will always have that empty spot without you in it. Rest in peace brother. I love you.

My prayers go out to all of his family and friends ... especially his wife and son. He was definitely one in a million, as well as a legend in the phone rooms. He made life in "the bubble" brighter. He made us laugh and he got us into trouble. He was a loyal friend. I'll never forget, "Hey did anybody see Hell's Kitchen last night?" haha I'll always remember the good times I shared with him. And I hope his son Brandon knows how proud he was to be a dad. All Billy did was brag about him and how awesome it is to be a parent. He was the definition of living life to the fullest, and he IS and FOREVER WILL BE missed by all. Big upps!!! :)

He was so involved in every activity Brandon was part of. He will be deeply missed by us and all of Cub Scout Pack 565. We will continue to wrap our arms around Brandon and help him continue to make his daddy proud.
