Weel, the world did not come to an end this week like everyone though~ not me! You have been heavy on my heart lately and I miss you so much words can never express my loss. So many times these past months I have cought myself wanting to call you and I know your not here. My head tells me you are happy and in a better place with the Lord but my heart still needs and misses you. You were so easy to tell my secretes to and you were always a good listener. Any time I ever needed you you were always there for me, Oh what I would give to get a hug from you to have you hold me one more time. This past mothers day Mom and Laura had a gathering for you, I am sorry I did not go, I knew you werent there. Your in my heart and I believe you are watching over me. Brandon misses you too, we have had our talks! All the time in the world can not make this better, God has his reasons for taking you home, I just hope He can fill the empty spot in my heart cause it misses you so very much~ I long to hear your voice Mamaw. R.I.P. The world lost a good grandmother when God took you from me. I Love You~ Diana

Daer Mamaw, I love you and miss you so very much. Your presence was missed this Christmas, I know you are having a great time in heaven! You personality must be what lights up the stars at night. I miss our talks and I miss confiding in you, everyone tells me it gets easier in time, but when you loose someone so close to your heart it hurts more than words could ever express, so who is to say or how do they know how one feels in time. I know I will never forget the love you have given me or the love you showed me through out the years. You were like my Mom and I so much miss your hugs and laughter. You gave me so many wonderful memories that I will always cherish them for years to come. I love you Mamamw and I miss you dearly, give Papaw a hug for me along with Paul. Your granddaughter Diana

Mamaw where do I start...it is so hard to talk about someone who everyone got along with and loved so dearly. Every time I would visit her she always had the greatest smile that could light up a darkened room, a personality that left you talking after you left her house. She was so generous and never discriminated anyone. I can remember as a young child I loved to go see her because she would spoil me rotten. Mamaw was a great grandmother to me.. the only one that I remember, I'm glad I got to see her a lot, I loved her with all my heart. I will miss her amazing personality, her witty jokes and smart comebacks, that amazing laugh she had. But I believe the thing I will miss most is the optimism she had, she always saw the brighter side of everything. I believe we all should see that every cloud has a silver lining. I will also miss asking her if she found a gas pumper yet, if you ever had time to talk to her you probably heard her talk about her needing a gas pumper. But Mamaw you are gone but will never be forgotten.

My Dearest Mamaw, These past few days have been the hardest. I have been wanting to call you so many times. On my way to work this morning I cried just thinking of you and our talks we would have. I think going to your condo on Sunday was the hardest for me it made things so final, and I dont think I was ready for any of it. I really dont think any of us were. Your smile will forever be in my heart. I have a picture of you taht I took when we last got together on the weekend of the 29th that I keep stored in my I-Pod, I can hera you now just trying to figure it out on how to opperate that thing. I am greatful for all the time we shared and I have so many memories of you and Papaw and Paul. You were my rock and the joy in my life and I know you brought joy to everyone that came into your path. I will be strong and keep my head up, I just know it is going to take time~ I miss you more than these words can express. I love you, I miss you everyday! ~ With Love~ Diana
