Nancy, and children, please accept my deepest sympathy for your loss. To Dot, Cindy, and Missy, I can only say that I am very sad to think that David is gone. There are many, many fond memories of Huntington Place and our years growing up together - it seems like only yesterday some days. I hope good memories will help to make the loss (for all of you) much easier to bear. Love to all, Debbie

Nic--Our love of physics stems from you, as does our love of the open road. Thank you. You have taught us to think deeply and abstractly, and your voice resignates within us. Nancy--You are family. The trust that has been established has not faded--we are here for you and David.
