My Darling Bill, We didn't quite make 32 years but came darn close to it. I loved you from the day I met you. Seems like everywhere we went at Auto Bus we had LA and DooDoo following us around the clock. You and I were a team from the first day with Pappy and of course the kid. We managed to build an Empire that is still going strong to this day. I have always treasured us and always will. My Love for you will never die. You will always be in my Heart and Soul. Your Spooky misses you too. She looks for you out the window and follows me everywhere. Everybody you met you touched their hearts too. Your jokes and your pleasant personality always got you some great friends. The Honor Guard had a beautiful Ceremony for you today. It will one to remember Always. When I was presented your Flag it was hard to hold back the Tears. Your Brother (as you always called him the one from the different Mother) could not hold back the tears as he gave me your Flag. I told him it was okay and he said he loved you and Me Always. So my Darling please do not worry about me. Michael promised to take care of me and I know he will. We will all love you Forever and Always,Your loving wife forever,Dawlin
