I will always remember Ellen and Bill coming into Seaside Sewing and Quilt and looking at the fabric and Bill always helping Ellen pick out the funky and bright fabric. She would just shake her head and just go with whatever he picked out. The quilts always turned out fabulous. I will always remember Ellen as a fighter to the very end. You are out of pain now, just keep sewing up there in your new happy place. Love you Helen

My condolences to Ellen's family. I am surprised and saddened to hear of Ellen's passing. I worked at DeLand Hospital during the time she was working there. I have an extreme phobia of needles and during the annual TB test I dreaded getting it done haha But Ellen was so nice and made the process easier. She was really a nice person and you could tell she was passionate about her work. 🙏

My condolences to her family. I worked with Ellen for over ten years at AdventHealth Deland. She was an amazing mentor, leader, and was truly a nurse at heart. I am grateful for the impact she has left on me and many others she has worked with over the years. May she continue to spread joy as she watches over us from above. April C
