Jose was such a nice guy. So sad to hear this news, I know he loved spending time with family and friends and he was so proud of his house and the work him and his wife put into it. He would bring his iPad in to dialysis and show me the progression of it. He will be missed!!!

Jose and I have been friends since I was in highschool and when he he told me he was interested in dating my sister Gloria I told him "No, This ain't no Brady bunch and you're not her type." But how wrong I was! 😊. The life they build together was nothing short of amazing. Raising a blended family together, supporting each other and making each other happy. Jose, you will be missed dearly. Thank you for being a part of our family and letting us be a part of yours. 💙

Jose was more than what he lead on. He was a wonderful man full of life and laughed. Family was always important to him, and even for a short while, I was glad to be considered family. Rest easy ❤️

Jose had a huge heart. I only had the good fortune of knowing him for a couple of years, but during that short time he and Gloria became dear friends. Their love for each other was evident. Jose had a super sharp wit and a penchant for sarcasm. Two of my favorite things! Jose, you are already missed and will continue to live in the minds and hearts of your family and friends for many decades to come. Be at peace. ~Shannon

I will always remember joking with Jose about anything and everything. Spending the day with him in Universal. Eating Gloria's delicious cooking with him. Just spending fun times with him. Jose was a great man and father. He will be missed by all.

One of the best memories of my brother was the time he told me to pepper spray him. I jumped on the opportunity for a good time. We were talking about how the pepper spray wasn't effective and that he could still kick my butt in a matter of 3 mins. As he was still talking smack I tell him to rub it in his eyes. Then he was like I'm ready to take this off my face. So we go to the bathroom and at this point the heat was on. He was panicking and he had bulging eyes. He frantically told me to read the label as he threw water on his face. The first thing I read was to not put water. He was so upset, but then could do nothing but laugh. He looked a raccoon but around his eyes were all red. Epic moment! Never offered again to try out the pepper spray. 🤪🤪🤪

I remember when I was young, and he would always scare me by lifting me up in the air. Looking back, it's still just as terrifying now as it was then, but I loved it then and I love it now.

You would tell him to stop and when he did you would tell him to do it again! 😂. He was your first Rollercoaster!
