“ My grandma was a nice loving person she always gave great hugs I remember it like it was yesterday she always cared about others and i know she's gone but she's in a better place I love her so much and I will always remember her. I know this took a giant hit of sadness out off my family's heart and mine too but I know she'll always watch over us and she will protect us and we'll be with her again some day and I appreciate everything she did for me all the good and making me eat my vegetables I'm glad I got to meet you #love you grandma.

“ Dear my favorite grandma you really taught me a lot these pass years when I was growing up.. you taught me to keep my head up high and to walk with passion . You was always the life of the party and we all loved when you walked through the door with happiness with you great smell of perfume . I'm going to miss your voice when you always sing to me you always remind me that I'm your “sunshine “ and your “butterfly” . “ The memory that sticks out in my mind of Norma is the day she came to my house to look at the four schnoodle puppies I had. Norma sat there and laughed at the puppies, she looked at me and smiled and said I can't take just one. She decided that when they were old enough she would be back to get Romeo and Coco. Norma was the type of person you just liked the moment you met. Rest in Gods arms Norma you are no longer in pain but singing and dancing with the angels.

“ My Dear Mother in Law you were the truest, dearest mother in law I could ever have asked for. I looked to you as a adviser and my other mom. You were a precious gem from God. So much beauty and love you possessed,I will forever salute you, God gave me the best mother in law in the world. You will forever be missed, but your memories will never be forgotten.
